PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with over 4 years of experience architecting, building, and maintaining scalable web and mobile applications. Proficient in modern tech stacks including Golang, React.js, Node.js, and Flutter. Proven track record of independently managing end-to-end development lifecycles for e-learning platforms, e-commerce, and enterprise information systems. Adept at clean code principles, system architecture, and asynchronous collaboration, making me highly effective in remote, fast-paced environments.

TECHNICAL SKILLS

- **Backend:** Golang, Node.js, PHP (Laravel, CodeIgniter, Yii2), C# (.NET, Blazor)
- **Frontend:** JavaScript, TypeScript, React.js, Vue.js, Nuxt.js, CSS (Tailwind, Bootstrap)
- **Mobile Development:** Flutter, React Native, Kotlin
- **Databases:** PostgreSQL, MySQL, SQLite, SQL Server
- **Cloud & Tools:** AWS, Git, Figma, OAuth 2.0, RESTful APIs, Microservices

PROFESSIONAL EXPERIENCE

Full Stack Developer — Appskep Indonesia

Padang, Indonesia | August 2022 – Present

- Engineered and launched multiple large-scale educational platforms (Webinar, TOEFL, CPNS, UKOM apps) serving over 233,000 users, utilizing React.js, Nuxt.js, and Golang.
- Architected and implemented a centralized OAuth server using Golang to seamlessly integrate and authenticate users across all Appskep systems, improving security and user experience.
- Developed comprehensive Admin Panels for system management using Golang monolith architecture.
- Built and deployed cross-platform mobile applications, including a Homecare app (Flutter) and a Webinar app (React Native).

Freelance Software Engineer — Independent Consultant

Remote | January 2024 – Present

- Partnered with clients from major universities (Andalas University, ITP) to design and deliver custom software solutions.
- Developed complex Information Systems (Accounting, Thesis Submission, Tuition Reduction, Asset Management) using Node.js, EJS, and Golang monolith.
- Built highly responsive web applications for local businesses (COGS Coffee, Coworking Space) using React.js and Golang.
- Developed diverse mobile applications including a photographer marketplace (Fotoin) utilizing Flutter and NestJS, an E-commerce app (Flutter), and E-Learning/Rental apps (Kotlin & Node.js).

Web Developer — FEB UNIDHA

Padang, Indonesia | August 2022 – December 2023

- Designed and developed customized web-based Information Systems for the Accounting and Master of Management departments.
- Built a digital library system using PHP and customized WordPress solutions for university faculties.
- Developed a mobile application ("Plantstore") using Flutter to expand the digital presence of university initiatives.

Frontend Developer — Appskep Indonesia

Padang, Indonesia | February 2022 – July 2022

- Translated UI/UX designs into pixel-perfect, responsive mobile applications, seamlessly integrating with existing backend APIs.

Back End Engineering (Study Independent) — Ruangguru

Jakarta, Indonesia (Remote) | February 2022 – July 2022

- Graduated with a perfect Final GPA of 4.00.
- Applied Clean Code principles and design patterns to build robust APIs and Admin Panels using Golang and SQLite for the CAMP Forum application.
- Assisted in frontend integration using React.js, bridging the gap between client and server architectures.

Full Stack Developer Intern — PT Lumigi Kode

Tangerang, Indonesia | September 2020 – December 2021

- Developed a backend Content Management System (CMS) for the Padang State Polytechnic news portal.
- Designed a PPID database using MySQL and built the corresponding digital library website using PHP.
- Contributed to the development of an E-commerce platform, building the web version with Laravel and the mobile version with Flutter.

EDUCATION

Bachelor's Degree in Management Information Systems — Asia Cyber University

Jakarta, Indonesia (Remote) | March 2026

- GPA: 3.92 / 4.00

Diploma (D3) in Information Technology — Politeknik Negeri Padang

Padang, Indonesia | September 2019 – August 2022

- GPA: 3.92 / 4.00 (Cum Laude)
- Awards: Best Graduate of the Information Technology Department and Best Graduate of Politeknik Negeri Padang (August 2022).

CERTIFICATIONS

- **Gemini Academy for Higher Education Training and Certification** – Google for Education (Jul 2026) | Credential ID: GGLM26071302
- **Scalable Web Service with Golang** – DTS Kominfo & Hacktiv8 (May 2022 – Apr 2023)
